PROFILE

Skilled in JavaScript, React.js, and Next.js, I have a solid foundation in building dynamic, user-friendly web applications. With a keen interest in expanding my skills, I am actively working towards becoming a full-stack developer. Passionate about creating efficient, high-quality code, I am eager to contribute to innovative projects and grow in a collaborative environment.

WORK EXPERIENCE

Vistaar Digital   DEC 2024 - MARCH 2025
Software Developer Intern

- Worked on a Next.js-based project focused on improving website performance and SEO.
- Collaborated directly with the client to gather requirements and ensure timely delivery of features.
- Enhanced SEO strategies to improve search engine ranking and visibility.

Freelancer   OCT 2023 - DEC 2024
Freelance Web Developer

- Developed and maintained WordPress, React.js, and HTML/CSS/JS websites.
- Collaborated with clients to understand requirements and deliver tailored solutions.
- Ensured timely project delivery with a focus on quality and user experience.

BeMasterly   JUL 2022 - SEP 2023
UI Developer

- Worked on JavaScript and React.js-based projects for the company's LMS system.
- Fixed client-reported issues and built UI components for new feature requirements.
- Collaborated with backend developers to ensure seamless integration of front-end and back-end systems.

Zeus Learning   MAR 2021 - MAY 2022
Content Integrator

- Generating HTML based documents/views.
- Integrating content and code using predefined XML tags into JSON files.
- Verifying and solving issues encountered during the integration process.
